

Registration Process

Step 1- Login to <http://www.csclive.in> using your CSCID / Password

Step 2 –Go to Home page ; and download the latest installer ;

Download Tool

Download Client

Step 3 – Install the Online monitoring Software (click on Run)

Step 4 – Fill in CSC ID and Password when prompted

On the CSC Registration screen provide your valid CSC Login-ID and Password to register and await the process to get completed

Step 5 – Restart Machine and Check your Status

Once you have registration your system will restart. Once the system restarts login to the online monitoring tool. The Registration Status would now show 'Registered'

For any problem, contact Helpdesk at helpdesk@csclive.in
